Re: Recommendation for Future Work

To: Pat Harold

I would like to commend Harold Brothers Mechanical Contractors, Inc. for an outstanding job on the Kennedy Building. In my experience, Harold Brothers has proven to be an excellent mechanical contractor. On this project, I worked closely with Nicholas Giacomozzi, who led the project plumbing trade efficiently and without issues. Submittals were produced quickly and completely, changes were priced competitively and executed quickly, and requisitions were produced on time.

From manpower to materials, the schedule was managed effectively throughout the project and as a result the project was delivered on time and within budget. Nicholas Giacomozzi brought a teamwork mentality to the jobsite and proactively sought prompt and effective solutions to jobsite issues. The tradesmen onsite, led by Doug Thatcher, worked safely and produced quality work with minimal punchlist.

In closing, I am confident that given the opportunity, Harold Brothers Mechanical will be a valuable addition to any project team.

Sincerely,
