Re: Recommendation for Future Mechanical Work

To: John Harold

I would like to commend Harold Brothers Mechanical Contractors, Inc. for an outstanding job on the Sylvester Center School - Hanover, Mass. In my experience, Harold Brothers has proven to be an excellent mechanical contractor. On this project, I worked closely with John Jennette who led the project on the HVAC trade efficiently and without issues. Submittals were produced quickly and completely, changes were priced competitively and executed quickly, and requisitions were produced on time and without revision. From manpower to materials, the schedule was managed effectively throughout the project and as a result the project was delivered on time and within budget. Harold Brothers brought a teamwork mentality to the jobsite and proactively sought prompt and effective solutions to jobsite issues. The mechanics onsite worked safely and produced quality work with minimal punch list. In closing, I am confident that given the opportunity, Harold Brothers Mechanical will be a valuable addition to any project team.

Sincerely,

Robert Brait
