Re: Recommendation for Future Work

To:

I would like to commend Harold Brothers Mechanical Contractors, Inc. for a great job on the challenging **FXBI CT Renovation** project. In my experience, Harold Brothers has proven to be a mechanical contractor who can adapt to the complex and changing world of Healthcare projects. On this project, I worked closely with the field and office personal, who led the projects **Plumbing & HVAC trades** efficiently and were able to handle the unknown existing condition scope that created changes that were addressed with efficiency. Submittals were produced quickly and completely, and requisitions were produced on time and any changes dictated by the client were made in a timely manner. From manpower to materials, the schedule was managed effectively throughout the project and as a result the project was delivered on time and within budget. Harold Brothers brought a teamwork mentality to the jobsite and proactively sought prompt and effective solutions to jobsite issues. The mechanics onsite worked safely and produced quality work with minimal punchlist. In closing, I am pleased to recommend Harold Brothers Mechanical as a valuable addition to your project team.

Sincerely,

Elizabeth Carlisle Biron
